

Apollo Plus is DrChrono's premier service providing not just revenue cycle management (RCM) but also practice management, EMR and billing software and the highest level of customer support. We are an extension of your practice working to significantly reducing work and increasing revenue for your practice.

You get the best coders and billers in the industry to help you get more revenue, faster. Your team takes care of the time consuming tasks. You also have full transparency into the day to day work of your team.

Revenue Cycle Management

\$ More Revenue, Faster

- Scrubs claims giving you a clean claim submission rate of over 96%
- Turn around rejected/denied claims in under 48 hours
- Collect more on underpaid claims
- Collect 96% of your AR in under 60 days
- Take care of all appeals
- Perform medical coding for you
- Perform your reviews and compliance tests

⌚ Save Time

- Ensures all payments and details are posted to each claim and that payments go to your bank account
- Posts all paper EOBs for you. Almost 20% of payers use paper EOBs
- Automate superbills, HCFA's, etc.
- Automates standard forms (ie. Superbills, HCFA 1500, etc)
- Sends and follows up on patient statement

🔍 Full Transparency

- Weekly meetings with your billing manager
- Ensure all payments are posted and in your bank account
- Call your billing team directly via phone at any time
- See the status of every claim
- Analyze our performance with our billing intelligence tools
